

Rev. Dan's 2017 Christmas Letter

Merry Christmas everyone!

Jacqueline and I have so much to be grateful for this Christmas season. We have found our new spiritual home, new work and new spiritual family here in Harrisburg. It's almost hard to believe that we moved in July and have settled in, and we really feel the love of this Unity of Harrisburg family.

Becoming the minister here has been such a blessing--to see Spirit's work in our lives, the board members, and the rest of the community. Each week we feel the positive energy and loving attitudes as we learn to become One in Spirit. We have the potential here to become something magnificent.

We have witnessed your eagerness to study together and stretch yourselves as we focus on becoming more and more Light to this world. We are excited about all the new programs as we enter 2018.

We believe that 2018 will bring much spiritual growth, love, peace, and joy to all of us who decide to "plug-in" and do our spiritual work. There is more open, authentic, and real communications. We will continue to expand that process as we move through the year.

We are honored to be here. We hold your friendships close to our hearts. We look forward to welcoming new people. We look forward to continuing our spiritual journey with each of you.

Peace on earth and Goodwill to you.

Love,

Jacqueline, Rev. Dan & KIWI Grace
