MONEY BEAT

Our lives, our money all manifest from our VIBE, consciousness, our energy. We are living today what we created in our VIBE in the past. Our VIBE is created by our BEAT. Our Beliefs, our Emotions, our Attitudes, and our Thoughts combined to create our VIBE.

We can begin taking mastery of our BEAT by first becoming aware that this true for us and that most of our BEAT was created unconsciously while we were young. As our awareness grows, we can begin to consciously change our BEAT. One way is to implement the I-D-T process which is Identify, then Disempower, and finally Transform. This process provides a structure to begin changing the BEAT, which changes the VIBE by moving higher on the vortex.

Another way to quickly change your VIBE is by using the Power of Gratitude. It is suggested that we create a place where we can keep our Gratitude Journal and write at least 5 things we are grateful each day. Gratitude is high on the Money Vibe Model. Stay Grateful and Thankful this Thanksgiving week.

HAPPY THANKSGIVING!

See you Sunday,

Rev Dan
Sr. Minister
