***I AM a Spiritual Being. Really?***

We began Sunday with Pierre Teilhard de Chardin's quote: "We are not human beings having a spiritual experience; we are spiritual beings having a human experience." We tied that in with John's quote from Revelation 2:17 (my version): "To the one who overcomes, I will give the hidden manna." Charles Fillmore says that manna "Represents the realization that the divine substance is everywhere present, in every part of the consciousness."

To the portion that we believe we are spiritual beings is the portion we receive this Truth of hidden manna. It is our conscious awareness or beliefs that determine what is true for us. As we become more and more aware and live from this knowing that I am truly a spiritual being, all the rest is added to our consciousness and therefore our lives.

See you Sunday,
