Becoming an Antiracist

We continued our uncomfortable dialogue about racism and injustice. We looked at the Master-Teacher Jesus' key teaching, "Love everyone." As one current answer to His teaching, there is a world-wide movement toward becoming an Antiracist. This is the beginning of a key consciousness change, while there remains much else to do.

We then divided into four small groups to discuss and then report back on the highlights of these three questions:

1. Have you ever experienced someone acting superior or better than you?
2. What is White Privilege?
3. How would this country be for you grandchildren if everyone was an Antiracist?

This important conversation will continue this coming Sunday (7/05) after service. Dr. Carol Howard will lead a discussion group in Fellowship Hall on *Becoming an Antiracist*.

See you soon,
Rev Dan
